DETAILED ACTION

Applicants' response, which included amendment to claims 1, 4, 5, 7, 8 and 10 and addition of new claims 11-19, filed on 4/18/2008, is made of record. Claims 1, 4-8 and 10-19 are now pending. In view of applicants' amendment all rejections made in the previous office action have been obviated. However, in view of applicants' amendment, the species recited in claim 10 falls outside the scope of claim 1 and hence, the following rejection is made.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 10-14 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The first species of claim 10 has no support in the specification. Note as originally presented the free carboxylic acid has support but not the methyl ester.

Election/Restrictions

This application contains claims 1, 4-8 and 10-19, when n=2, drawn to an invention nonelected with traverse in the reply filed on 10/17/2005. A complete reply to

the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Allowable Subject Matter

Claims 1, 4-8 and 15-19 are allowable upon cancellation of non-elected subject matter.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
